

IRWIN MOBILE BASE

Features four wheel drive with over the tire grouser track

Advantages over a standard crawler base include:

- More cost effective
- More tractive force
- Better dirt relief
- Increased component accessibility

Irwin's Mobile Base can navigate through the most harsh conditions.

Features

- Solid reinforced rubber tires
- Simple free wheel feature
- Maintenance friendly
- Can be used without grousers
- 8" to 15" ground clearance
- Can be customized to accommodate your mounting need

**Let Irwin make YOUR equipment mobile.
